Description

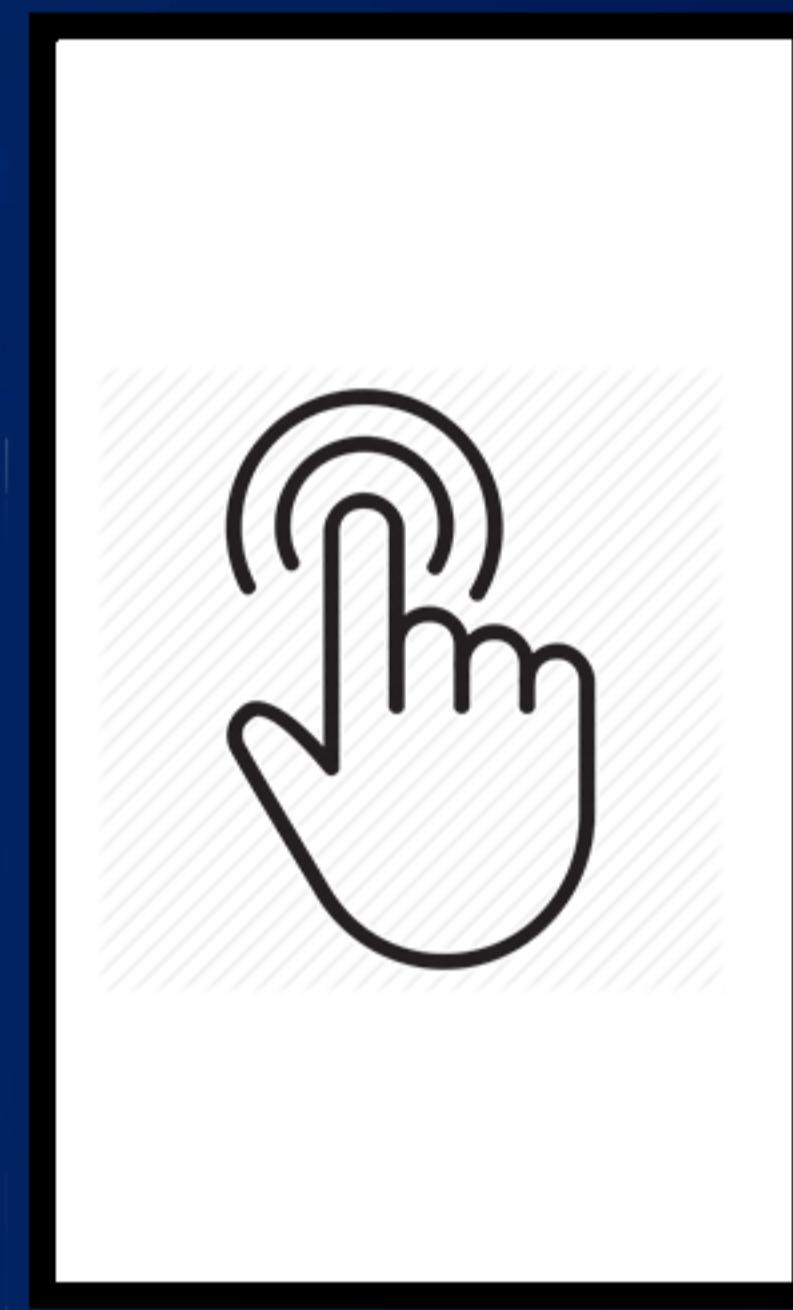

TETRIS BLOXX is a game that combines the feature of Tower Bloxx and Tetris together.

Users have to drop the tetris block from the swinging crane to complete specific task in that game mode.

There are three game modes:

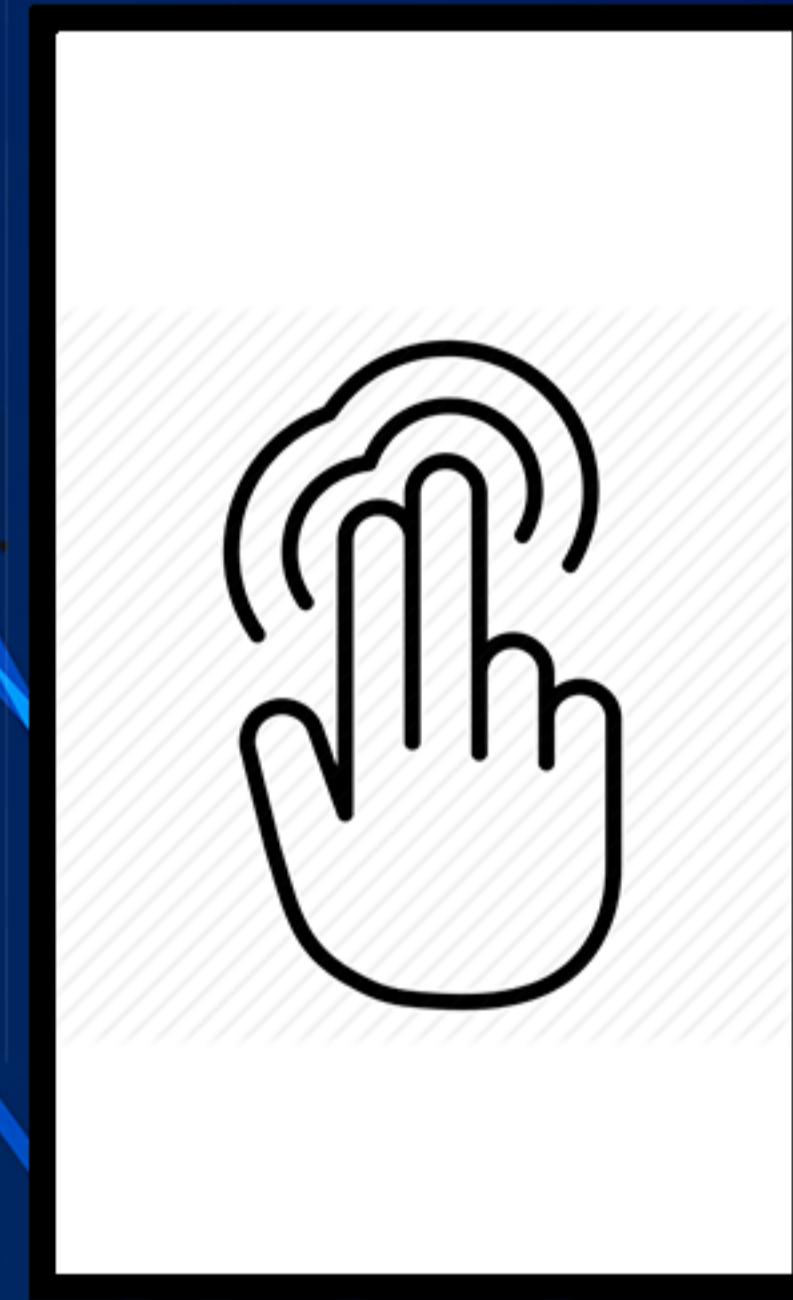

1. Build Mode - Build higher
2. Timed Mode - Time limited
3. Elimination Mode - Classic Tetris

Gestures:

Tap with one finger anywhere on the screen:

The crane will instantly drop the tetris block

Tap with two fingers anywhere on the screen:

The current block will rotate in anti-clockwise direction

Benefits to targeted users

1 Improves users' eye-hand coordination

2 Simple and casual gameplay that helps relief one's stress

3 Bolsters users' decision-making skills
